

Tournament XL 7020

More Productive Greensrolling

Introducing the Smithco Tournament Ultra 7020 Greensroller, the next evolution in greens maintenance equipment. Building on the trusted foundation of the XL 7000, the 7020 model offers enhanced features designed for superior performance and operator comfort. Powered by a reliable 16 hp Vanguard gasoline engine, this greensroller boasts Smithco's proven direct drive system, ensuring optimal traction and stability across all terrains. The hydrostatic drive system, paired with hydraulic power steering, allows for precise control and effortless maneuverability, making it ideal for maintaining even the most challenging greens.

The Tournament Ultra 7020 is designed with the operator in mind, featuring a more ergonomic station that improves visibility and accessibility. The high back, one-piece seat provides maximum comfort during long hours on the course. With its dynamic braking system, seamless steel rollers, and low-maintenance hydraulic motors, the 7020 is built to deliver consistent, high-quality results with minimal downtime. Whether you're grooming golf course greens or sports fields, the Smithco Tournament Ultra 7020 is the ultimate tool for achieving a perfectly rolled surface, enhancing playability, and protecting your turf investment.

• EFFICIENT ROLLING

The Tournament Ultra 7020's articulating rolling heads cover a wide 70" area, significantly reducing rolling time and enhancing productivity on golf course greens.

• LOW MAINTENANCE

With direct drive to rollers and a hydraulic system, this greens roller eliminates time-consuming chain maintenance, ensuring easy upkeep for course managers.

• SUPERIOR TRACTION

Triple hydraulic direct drive to rollers provides exceptional traction, making the Tournament Ultra 7020 effective on diverse turf and terrain conditions for a safe and efficient operation.

• POWERFUL PERFORMANCE

Featuring a robust 16 hp Briggs Vanguard engine and hydrostatic drive, this greens roller offers variable speeds up to 7 mph, giving operators precise control and efficiency during course maintenance.

SPECIFICATIONS

Smithco

United States | 877.833.7648
International | +1 610.688.4009

ENGINE

Type	Briggs Vanguard gasoline engine
Cooling	Air cooled
Lubrication	Full pressurized
Rated Horsepower	16 hp (11.9 kw)
Drive System	Hydrostatic using a 1 in ³ (16 cc) hydraulic pump driving three hydraulic motors direct coupled to each roller cylinder; Direct drive motors eliminate maintenance, hydraulic drive to all rollers provides superior traction in all turf and terrain conditions
Battery	12 v
Liquid Capacity	5 gal (18.9 l) hydraulic oil tank
Air Cleaner	Engine mounted
Fuel Capacity	5 gal (18.9 l) gas tank
Ignition	Electronic

PRODUCT CONFIGURATION

Configuration	A gasoline engine powered, hydraulic drive, riding golf course greens roller; Hydraulic, triple roller drive system for superior traction and safety; Direct drive hydraulic motors to each roller cylinder eliminating the maintenance required on mechanical drive systems
Seat	High back, one piece for operator comfort
Safety	Triple drive roller system for superior traction and safe operation in all turf and terrain conditions; Dynamic braking thru hydrostat drive system

ROLLERS

Construction	Heavy gauge square steel tubing main frame, hydraulically formed, electrically welded
Rollers	(2) 8 in (20.3 cm) diameter x 19 in (48.3 cm) length and (1) 8 in (20.3 cm) diameter x 36 in (91.4 cm) seamless drawn over mandrel steel tubes; Beveled on both ends with roller scrapers; Bolted hubs with bearings on each end of both rollers
Controls	Keyed ignition switch, engine throttle, choke at the operator's station; Dual drive pedals control left / right operation and rolling speed; Pedals connected to hydraulic pump via fully sealed push / pull cable system
Ground Pressure	3.8 psi (0.3 bar)
Electrical System	12 v, electric start to engine

TRANSPORT TRAILER

Description	Low profile design with drop axle; Extra wide metal bed and tailgate fitted with rubber matting for traction and centering guide system for easy load/unload of the roller
Width	2500 lbs (1134 kg)
Capacity	56 in (1.4 m)
Length	47 in (1.2 m) (tailgate up, not including drawbar)
Weight	240 lbs (528 kg)
Drawbar	Adjustable from 44-47 in (1.1-1.2 m)
Tires	18-9.5x8 pneumatic

TIRES, BRAKES & STEERING

Braking	Dynamic through hydrostatic drive system
Steering	10:2 reduction; 16 in (40.6 cm) soft grip steering wheel with tilt; 10 in (25.4 cm) diameter turning radius; Hydraulic power steering

WARRANTY

Warranty	Smithco two (2) year limited warranty Briggs & Stratton two (2) year engine manufacturer warranty
----------	---

WEIGHTS & DIMENSIONS

Weight	905 lbs (410.5 kg)
Length	48 in (1.2 m)
Width	73 in (1.9 m)
Height	47 in (1.2 m)

SPEED & SOUND

Transport	0-10 mph (0-16 kph)
Speed	0-9 mph (0-14.5 kph)
Sound Level	72 dBA
